Bassmaster Classic Berth:

The Bassmaster Team Championship is the quickest way to make it into the Bassmaster Classic. You and your partner can represent Iowa, and fish against other Team Trail top finishers from across the country. You will compete as a team during the first part of the week during the Team Championship. If your team finishes in the top three, you have made the cut. The top 6 anglers (top three teams) will fish as individuals for an automatic berth into the prestigious Bassmaster Classic.
